

VOLGA

**A vast body of water
flowing majestically.**

The inspiration for this
exquisite wooden panel
**with its long, curving
bends** was the longest and
widest river in Europe, the
Volga, winding endlessly
across the continent.

**Sinuous river-bed-like
hollows and flat areas
representing land
alternate harmoniously** on
this wall covering,
suggesting that **these two
simply cannot live without
each other.**

Just like in nature.
